## OBSERVATIONAL ART by NURSERY

This term, Nursery have focused on different art techniques, including observational art. The children have experienced using a range of media including water colours, sharpies, chalk and acrylic paint pens.

They have also used natural materials such as petals and leaves to create a Japanese art called 'Hapa Zome' (which means 'leaf dye').

Creating art is a really important skill that develops children's writing skills. Look at some of the beautiful work that has been created!
