HAPPY CHICKS IN EYFS

In EYFS, we have been learning about the life cycle of chicks. Last week we received 14 eggs in an incubator.

After 48 hours, the eggs began to hatch and we had 14 new fluffy, baby chicks. We learned how to care for the chicks and kept them warm in a brooder box with a lamp and sawdust.

We fed them seeds and water and watched them grow. We gave them lots of love and cuddles.

We had fun building a run for them so that they could have the freedom to flap their wings.

They are now back on the farm where they will continue to grow in their natural habitat.
